

Product Quality Statement

We hereby certify that the products manufactured by Delphi fulfil the quality requirements applicable to the use of spare parts for repair or maintenance of motor vehicles by authorised repairers, as defined by the EEC Commission Regulation (EU) No. 461/2010.

Delphi parts can be fitted during the routine servicing of a vehicle without affecting the vehicle manufacturer's warranty.

In addition to this, Delphi also offers a comprehensive manufacturer's warranty across its entire product range, plus technical helpline support and product & vehicle training.
