TRAXEE

your fleet management assistant

Hello!

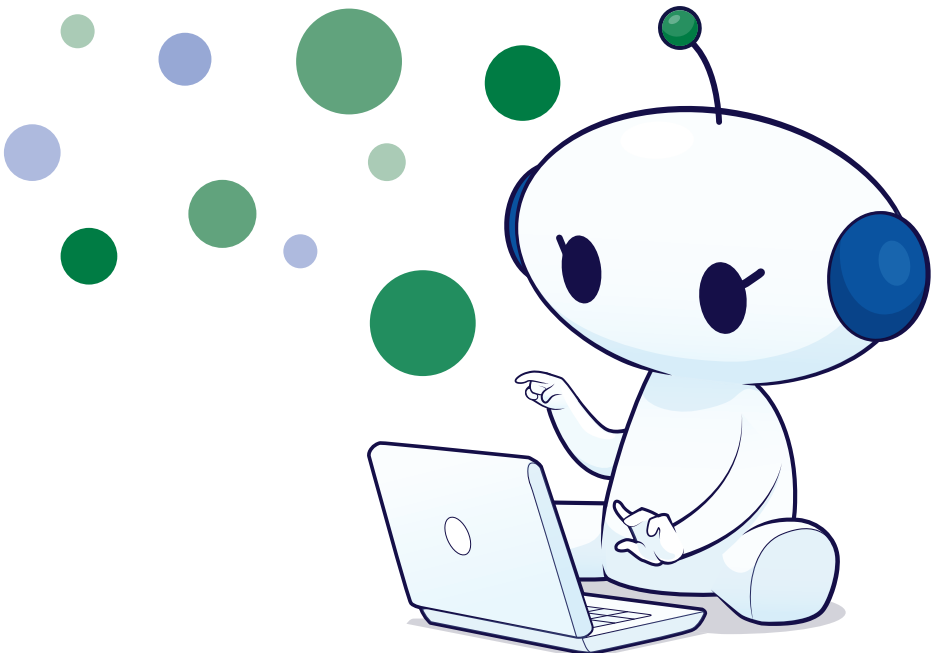

I'm TRAXEE, your new fleet management assistant designed to make your life easier.

I can tell you where your trucks and drivers are and how they are doing at any moment on any device. This gives you, your drivers and your customers peace of mind and provides better insight into your overall productivity.

Driver salary calculation is quick and easy thanks to my digital activity sheets. So, goodbye stacks of paperwork and stop worrying about downloading driver cards and tachographs. I've got it covered!

I'm here to help you automate and digitize your fleet processes to simplify and improve the way you run your business.

I offer plenty of great features, essential to your fleet, so you can manage your trucks and drivers on the road and in the office.
